EXPERIENCE

HUDL | SOFTWARE ENGINEERING INTERN

May 2025 – Present | Lincoln, NE

- Co-leading a striker squad running a company-wide accessibility project. Directly reporting to the VP of Design and Competitive Sports. When complete, will immediately unlock over 250k in contracts for Hudl, with 2.7M+ future revenues upon contract renewals.
- Building LLM-powered, sport-aware highlight reel generation for athlete video in alpha with 50 parent users ahead of an August 2026 launch across Hudl's platform of 5M+ athletes and 100M+ fans.
- Owned the parent-facing registration flow within an 11-person Agile squad. This is the sole mechanism for program registration and half of all director-parent workflows, and generates \$1M+ in revenue.
- Part of a 2-engineer team building a new custom-forms microservice, now serving 36+ sports organizations across the US.
